Press Release

The American Association of Immunologists Partners with Oxford University Press to Publish Preeminent Immunology Journals

Partnership Expands AAI Journals Reach to More than 1,000 Institutions Worldwide

Rockville, MD (May 5, 2024) The American Association of Immunologists (AAI) today announced its publishing partnership with Oxford University Press (OUP). OUP will publish the AAI journals, *The Journal of Immunology* (*The JI*) and *ImmunoHorizons* (*IH*), beginning in 2025.

The Journal of Immunology publishes peer-reviewed manuscripts describing novel findings in all areas of experimental immunology including both basic and clinical studies.

ImmunoHorizons is a fully open-access, peer-reviewed journal dedicated to advancing the knowledge of immunology and immunology education.

Under the terms of the partnership, AAI will retain full ownership and editorial control of its

immunologists and scientists in related disciplines. Our mission is to improve global health and well-being by advancing immunology and elevating public understanding about the immune system. AAI members are responsible for some of the most significant biomedical discoveries of the past century, including the development of life-saving cancer immunotherapies, antibody therapies, transplant technologies, and vaccines. We support scientists across the field of immunology through knowledge dissemination, community building, advocacy, and public outreach.

About Oxford University Press

OUP publishes more than 500 academic and research journals covering a broad range of subject areas, three-quarters of which are published in collaboration with learned societies and other international organizations. OUP has been publishing journals for more than a century
